

Jordan Smith

Seattle, WA | 206-555-0199 | jordan.smith@example.com | LinkedIn | GitHub

Technical Skills

Languages: TypeScript, JavaScript (ES6+), SQL, HTML/CSS

Frameworks: React, Node.js, Express, Next.js, Jest, Cypress

Cloud/DevOps: AWS (Lambda, API Gateway, DynamoDB, S3), Docker, GitHub Actions

Tools: REST APIs, JWT/OAuth2, Git, Postman, DynamoDB Streams

Experience

Ironvale Systems

Software Development Engineer

Seattle, WA

June 2025 – Present

Engineered modular React components for a high-traffic merchant dashboard, reducing bundle size by 15% using TypeScript.

Developed Node.js microservices on AWS Lambda to handle asynchronous order processing for 10k+ daily transactions.

Optimized DynamoDB query patterns, reducing API latency by 200ms for mission-critical user profile endpoints.

SwiftCart Systems

Junior Full-Stack Developer

Remote

September 2024 – June 2025

Built and maintained REST APIs using Express.js to support mobile and web payment workflows.

Implemented Cypress end-to-end testing suites for checkout flows, decreasing production bugs by 30%.

Integrated OAuth2 authentication flows and managed secure JWT session handling for 5k+ users.

Technical Projects

Serverless Inventory Sync | Node.js, AWS Lambda, S3, DynamoDB

Designed a real-time inventory synchronization engine that processes bulk CSV uploads via S3 triggers.

Utilized DynamoDB Streams to push instant stock updates to frontend clients via WebSockets.

Nimbus-Ready Payment Gateway | React, TypeScript, Node.js, Stripe

Developed a secure PCI-compliant payment portal using React and Stripe API for custom e-commerce checkouts.

Built a comprehensive logging system with CloudWatch to monitor transaction success rates and API health.

CI/CD Automation Pipeline | Docker, GitHub Actions, Jest

Architected a full CI/CD pipeline that containerizes Node.js services and runs automated Jest tests on every PR.

Reduced deployment cycle time from 30 minutes to 8 minutes using parallelized GitHub Actions jobs.

Education

University of Washington

Bachelor of Science in Computer Science

Seattle, WA

June 2024
